***“A potter molds clay in to a pot, same as teacher molds life of a student.”***

I am extremely privileged to give wings to my passion for education as a principal of Surevin International School. As learning can occur only through a solid relationship, we create this environment in Surevin with students and teachers and developing each other every day. It was a great experience of educational journey with this batch of our school. My best wishes are always with them for their bright future, they will make their parents, school and nation proud for being a responsible citizen.
